#### Information about why we offer these childcare sessions:

In our professional experience and opinion, we feel that having a child in our care for only one day a week does not allow the child to settle into our environment as they forget the routine, staff, other children and can become very distressed saying goodbye to their parents each week. Therefore, we have implemented a minimum of two consecutive days' sessions of childcare; this is enough to allow the child/children to feel happier during the transition period from home to nursery, thus making a more pleasant and smoother experience for all.

As we do not provide a one-day session, in turn we offer two, three, four-day sessions and full-time sessions.

To ensure that the wellbeing of the children in our care is safeguarded, we have strict policies covering certain aspects of childcare. It would therefore be helpful if you would sign and date each section below and overleaf, in the spaces provided in order to give us authorisation. This form will be kept in a prominent position in your child's file. Thank you for your cooperation.
